

# festival22

July 9<sup>th</sup> '22 | 1.00 - 7.00pm | Himley Park

## What is Together Festival 2022?

Together Festival 22 is a multi-generational Christian festival to re-gather the Church of the Black Country, celebrate all that God is doing here, and imagine our future together.

The festival will see the coming together of thousands of Christians from a variety of denominational and cultural backgrounds, alongside Christian charities, organisations, ministries and businesses working in and across all four boroughs of our region.

The Together Festival will provide a **MOMENT** to celebrate many of the ways that God is impacting the Black Country through the ongoing **MOVEMENT** of His Body working & being together, as well as encouraging, inspiring and challenging each-other to be and work together in the future to see His kingdom more and more established here.

Through providing fun and engaging activities for children, families and young people, as well as showcasing the creativity and talent within the Body of Christ in this region, we believe God will stir our imaginations to believe Him for even greater things in the coming decade. Together, we are stronger!

## Become a partner Church

## We're believing we can partner with over 100 Black Country churches for Together Festival 22

In order to gather a large representation of the Body of Christ from across the 4 boroughs of the Black Country, we are encouraging individual congregations to become Partner Churches for the Together Festival.

# 1. Promoting the festival within your congregation

We will be providing all Partner Churches with access to a range of promotional resources, including short films/videos for the festival that can be used in their church gatherings and on their social media platforms and e-publicity that can be shared online. We would ask that Partner Churches agree to regularly promote the festival to those in their churches as much as possible to encourage a good representation of the congregation to come on the day. If you want us to send someone to promote the festival personally, this can be organised with good, prior notice.

# 2. Helping support the costs of the festival

Access to the festival will be completely free of charge for those attending, so we are asking Partner Churches to offer financial support as they feel led, as we did with Together 2020. This will again be **optional**, but in the true spirit of partnership, we are suggesting a 'notional expense' of £3pp for the number of people you expect to be in your church representation on the day. However, we are happy for you to support as much or as little as you can. We would not want this factor to be obstructive to you being involved.

## Resources for your Church

We have a variety of resources that can be downloaded from our website to help promote the Together Festival 22 in your church.

**Order Together Festival fliers**  
(free delivery available until 31st March)
